

The Black and White Event Company

Country Life

Falconry - Under the supervision of our professional falconer, guests are invited to handle and fly these beautiful birds. Maximum participation and interaction with the birds is encouraged. It is an unforgettable moment when a Hawk swoops out of the sky and lands on your gloved fist!

Falconry fits in well with a Multi Activity Day or as part of a Family Fun Day where displays can be held in a central arena.

Gun Dog Handling - Experienced, professional trainers bring a range of breeds such as Labradors, Spaniels, Pointers and Retrievers, along with puppies whenever possible. Guests have close contact with the friendly and approachable dogs, learn about, and participate in training methods from simple obedience to challenging retrieves. There is also a complex agility course to be completed as a team relay against the clock.

Duck / Geese Herding - 'One Man and his Dog' has nothing on this! There is scope for much hilarity as guests try to control the collies and herd the ducks through an obstacle course, under instruction from a top sheepdog handler.

Ferret Racing - An original way to entertain your guests with these wonderful creatures. Guests become involved with the race, entering the ferret into the pipe course then dashing to the other end of the course encouraging their ferret to win the race. For added interest, Ferret Roulette is incorporated where the ferret is placed in a drum with a number of exits at the base and guests bet on which exit the ferret will appear from.

Sheep Dog Handling - Guests are instructed on the practical working skills of the dog on the farm using Turkeys as well as Geese. Ducks are then introduced and guests must try and get the dog to herd them around an obstacle course.

The Black and White Event Company

Automatic Air Pistols - These 8 shot semi-automatic air pistols are exact replicas of the Walther handguns. Firing at static targets for the individual competitions & finishing with a team rapid fire, shooting at 'smoke' targets.

Clay Pigeon Shooting - Held in a specialist shooting venue or a professional mobile clay pigeon shooting unit complete with 12 bore shotguns, a safety cage and ear defenders. An experienced instructor ensures a safe, fun & good shoot.

Crossbows - A two stand event. Participants will fire our powerful lightweight crossbows at traditional targets. Under the expert tuition of our instructor, participants will become competent marksmen very quickly with good scores being achieved.

Archery - The ancient art of archery never fails to be literally a big hit with teams. An ideal activity whether for the novice or more experienced archer. A two-stand event with a practice round, followed by a competition for best individual & team.

Laser Clay Shooting - This new sport uses the latest infra-red technology to simulate the traditional sport of clay target shooting, without recoil or noise problems normally associated with the sport. The five-gun system allows five guests to shoot at once under the expert supervision of an experienced instructor.

Air Rifles - Participants will be briefed fully on the safe operation of this competition .177 rifles. Our instructors will then show teams how to get the best results from these highly accurate guns. The rifle range consists of decoy targets & traditional 'bulls eye' cards for the competition round.

Axe Throwing - This is an unusual and fun activity. Test your accuracy and skills as you try to hit the target. That's right, throw your Tomahawk and hit the mark everytime under the guidance of our helpful instructors. Take out your frustrations on a defenceless target, feel better for your efforts and get rid of your inhibitions.
